PROFILE SUMMARY

I am an enthusiastic and quick-learning IT student with hands-on experience in web development, software testing, project management, and database management. Proficient in C#, SQL, JavaScript, HTML, CSS, React I am committed to leveraging my skills in software development and IT solutions. With a background in customer service and teamwork, I am eager to contribute to projects and continue building my expertise in Information Technology.

PROJECTS

- C# Store Management App: Built a Windows Forms app linked to a SQL database for inventory and sales management.
- Personal Portfolio Website: Developed a responsive site using HTML, CSS, JavaScript, and React to showcase skills and projects.
